Press Release

FOR IMMEDIATE RELEASE

January 28, 2004

Kathrein publishes 800-2700 MHz antenna catalog supplement

Medford, OR – Kathrein Inc, Scala Division, has published a supplement to its C23 catalog of antenna and accessory products for 800-2700 MHz. The new book, C23-S1, has detailed data sheets on over 35 devices developed and released since January of 2003.

Single and multiband panel antennas represent the largest of the new product offerings; most offer cross-polarized operation and adjustable electrical downtilt, with optional remote control features. Additional items include dual band panel antennas incorporating cross band combiners, dual and triple band combiners, GPS fixed site antennas, and remote downtilt control equipment.

Requests for the supplement may be made:

On the Web:	www.kathrein-scala.com/supplement
By E-mail to:	communications@kathrein.com
By Phone to:	541-779-6500
By Fax to:	541-779-7753
